EASTERN DATES TO AUGUST 4.

EASTERN STATES.

The Steamboat Explosion.

NEW YORK, August 3.—The Government investigation of the explosion of the *Westfield* was continued to-day. Robinson, a colored engineer, testified that he had been an engineer for nearly fifteen years, and could not explain the difference between low and high pressure boats, except that one used steam at low pressure and the other at high pressure. He defined a vacuum to be "foul air;" knew that the atmosphere exerted a pressure, but did not know how much; never read a scientific book; could not read writing and print but little; was obliged to obtain assistance to ascertain the amount of steam the boiler certificate permitted.

Bransted, Superintendent of the ferry line, testified that he had the utmost confidence in the fidelity and ability of Robinson; believed him to be sober at the time of the accident, but had often threatened to discharge him for carrying over 270 pounds of steam. He believed if the engineer had not carried over 200 pounds the boiler would not have exploded; still he had no idea that he had on over 200 pounds. His confidence in the engineer was unshaken in spite of the accident.

The names of ninety-one of the dead victims of the explosion were published this morning, with those of seven others missing, supposed to be dead. At least four more of the wounded will die.

WASHINGTON CITY.

WASHINGTON, August 3.—Information received at the Internal Revenue Bureau shows that grain distillation in California will be short this season, owing to the diminution of the wheat crop. That State is now supplied with high wines principally from Illinois, Iowa and Nebraska.

Gen. Sherman's Views.

General Sherman has given his views on the Presidential question to a correspondent of the New York *Commercial Advertiser*, who asked him if he thought it policy to elect Gen. Grant again. The reply was:

Of course I do. Why not? He knows the ropes now—he has become acquainted with the duties—acquainted with thousands of public men, and ten thousand good-for-nothing White House bummers who would do nothing but harass a new President for the first year. He has just got where he can *tell a good man at sight.* Humbug men always get the best credentials; every Congressman signs their recommendation at sight, and many of them deceive a new President. These part frauds are now pretty much played out, and Grant is enabled to deal squarely with true men. Experience and acquaintance is the stock in trade of a good President.

Who will win in '72?

There is no question in my mind, said the General, enthusiastically. I'll bet on Grant against the field—two to one.

Who will run against him?

There won't anybody *run,* but, not being a politician, I can't guess for a moment who will be nominated.

These, says the New York *Herald,* are the views of an honest soldier, the right hand man of General Grant in the war, from Shiloh to Appomattox Court House. Further, as that paper observes, it appears that since his wide circuit of travel and observations from New Orleans through Louisiana, Arkansas and Texas, to the "Comanche Reservation," and thence northwardly to the Missouri, and thence eastwardly to Saratoga, he [illegible] is a "good bill;" that "it has already stopped a good many outrages," and that in the simple "fact that the President has power to send troops into any State to quell disturbances in itself, is enough to frighten the disturbers of the public peace." He thinks, moreover, that what Mr. John Quincy Adams says of this Ku Klux bill, as a bill of despotism, is "all stuff" and "humbug;" for that the bill "is simply a law making it possible to arrest and disperse unlawful gangs of rascals, black or white, in any of the Southern States, to imprison them and try and punish them;" that "Grant don't have any negro or German or Irish policy;" that "his policy is to protect all citizens, remain at peace, economize and try to pay the debt."

Marion County Teachers' Association.

The President of this Association is Prof. L. J. Powell; the Secretary is Miss Gertrude Moores. As already stated its session will be held at Salem, commencing August 15th. Addresses and illustrations will be given upon the following subjects by the following named persons:

Kingcade of Belpassi; Essay, Mrs. Eves of Salem Prairie, Free Schools, J. A. Waymire of Salem; Darwinian Theory of Species, Rev. C. C. Stratton of Salem; China, Essay, by Ellen J. Chamberlain, Salem.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

BY ATLANTIC CABLE.

French Affairs.

NEW YORK, August 4.—A Paris special gives the following particulars about the chase of the Left Centre in the National Assembly which was noted yesterday, for the prolongation of Thiers' powers as President of the Republic.

Deputies of the Left Centre, as well as moderate Republicans, were convinced by a circular which bore the signatures of Gambetta and others for the purpose of shaping a policy for the party and to take some definite action concerning the proposed extension of Thiers' term of office. The meeting was very harmonious. All the members spoke in praise of Thiers' Administration, and recommended him as the only man who is now able to keep the balance between parties. The meeting decided to support Thiers in his policy of moderation and to discourage the actions of the Legitimatists and Bonapartists. One deputy submitted a motion requesting the Government to abstain from all interference, in the Roman question, which was accepted.

A motion in the Assembly for the prolongation of Thiers' powers for three years, with the provision that Thiers should bear the title of President of the French Republic instead of Chief Executive as heretofore, was passed by a vote of 190 to 50. The meeting resolved by the same vote to create the office of Vice President, to be at the same time President of the Council. It further decided to express confidence in Thiers by giving him power to choose the Vice President, but Thiers alone is to be responsible for the government.

LONDON, August 4.—It is reported that Thiers accepts the principle of State indemnity for the invaded provinces.

The left center and the right will negotiate touching the prolongation of Thiers' presidency.

Swindle in Railway Bonds.

FRANKFORT ON THE MAIN, August 3.—A Holland firm has sold in Frankfort on the Main bonds of the Rockford, and St. Louis Railroad to the value of $9,000,000. It has been found out that the whole transactions is a swindle and the matter is to be investigated by the authorities.

Riot Threatened at Londonderry.

DUBLIN, August 3.—The Orangemen and Catholics are preparing for a riot at Londonderry, on the 12th of August. The military of that city will be held in readiness and reinforcements dispatched by the Government to meet the threatened emergency.

EASTERN STATES.

From North Carolina.

NEW YORK, August 4.—The latest advices indicate that the election in North Carolina yesterday resulted in favor of the proposition calling for a constitutional convention.

At a meeting of the Union Republican Committee last night, resolutions were offered by Horace Greeley, and were adopted, condemning the attempt of the State Central Committee to disorganize the party, and constraint upon their subordinates by dispensers of federal patronage in this city; virtually compelling them to join the custom house new departure.

Miscellaneous News.

WASHINGTON, August 4.—Lieut. H. C. Cochrane of the United States marine corps, has been detached from the sloop of war *Jamestown,* in the Pacific station, and ordered on duty at the navy yard in Philadelphia.

CHARLESTON, S. C., August 4.—The official count shows that the municipal election Wednesday resulted in the choice of the citizens' candidate, John A. Wagner, by a majority of seven votes over Gilbert.

PITTSBURG, August 4.—The present Republican Mayor and the entire Citizens' ticket is elected by about the same majority.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 4.—Col. Von Schmidt's negotiations with the Central Pacific for constructing a tunnel through the Sierra Nevada of sufficient size to permit the passage of trains over the canal, is likely to be successful. The tunnel would save the railroad seven miles travel, one thousand feet ascent and descent and, almost the entire amount of snow shedding now in use. Whether the negotiation succeeds or not, the work on the tunnel will be pushed forward immediately.

The Democratic municipal convention met in the 15th District court room this evening, and was called to order by Judge Quint (the chairman). At 8 o'clock, Gen. Cobb rose to a question of privilege, and made an onslaught on the *Bulletin* for their attack on Col. Ruggles, the nominee for County Clerk, in this evening's *Bulletin.* For Treasurer, J. F. Meagher nominated Otto Kloppenburg, Max Popper nominated F. Phillips. Mr. Kloppenburg received 37 votes; Mr. Phillips, 24. Mr. Kloppenburg was declared nominated. For Assessor, Rosener was nominated.

INTERIOR CALIFORNIA DISPATCHES.

WATSONVILLE, August 4.—By far the most enthusiastic meeting ever held in this place was held by the Republicans last night in Allen's Hall. The meeting was addressed by Pacheco, Malone and Goodman.

It is estimated that fully 2,000 persons will join in the Italian procession on Sunday next, in honor of the occupation of Rome as the Capital of the Kingdom of Italy.

A large force is at work at the pavilion, preparing for the opening of the Fair. The work is badly behind, but enough has been done to show that the Fair will be fully twice as good as last year, the display of nearly every kind of goods being superior. The Japanese and Chinese departments are unique and vastly interesting.

SAN JOSE, August 4.—Last night two men, names unknown, were shot in the foot hills beyond Berry's ranch. The facts ascertained are that the men were threshers, at work on a ranch, and went into the field after dark to steal wheat from the stack, when they were shot by some [illegible] the other is not expected to recover.

SHASTA, August 4.—A large and enthusiastic Republican meeting was held last evening and addressed by Newton Booth and Eastman.

LOS ANGELES, August 4.—The District Court calendar for the August term contains, among others, three murder and one manslaughter case.

ARIZONA.

The Arizona *Miner* of July 29th, gives the following latest news from Prescott and vicinity: The Indians continue their work of robbery and murder. On Tuesday, July 25th, Abraham Henning, an old resident, was murdered near his home at Camp Wood by Apaches. His body was found horribly mutilated. The savages who committed the deed had been fed by Henning through the winter. They said they killed him because he refused to give them ammunition. They said the Pahante and Chimahuva tribes are coming from the west to aid the Apaches in a grand effort to drive all whites from the territory.

A number of desertions from army posts near Prescott, have occurred.

OREGON.

Work is being pushed lively on the new Cumberland Presbyterian Church at Salem.

The *Statesman* says that many new dwellings, at once substantial and elegant, are being erected in Salem.

The Albany *Democrat* tells us that the Linn county school fund amounts to $90,000. When! What a grab for the next Legislature, if it should happen to be Democratic!

O. A. Brown of the Indian Department found 38 Indians about Portland, only three of whom belonged to Oregon. Most of the remainder belonged to Washington Territory, and were sent home.

The *Oregon Medical and Surgical Reporter* for July is issued. It is greatly enlarged and improved. The table of contents embraces a great variety of original and selected articles. Issued quarterly at Salem by Frank A. Cook at $3 a year.

Probing the Ulcer.

The New York *World,* exposed to shame and brought to bay by the divided or vacillating counsels of its party's chiefs, in regard to the riots, actually shows its teeth! No matter under what constraint uttered, its words have a manly ring. Hear them!

We can think of no more wholesome rule, in a great emergency, than to express our real sentiments. It is our opinion, then, that this whole business of looking after the Orange procession has been *botched.* It is our deliberate judgment that the city authority and the State authority (especially as both belong to the same political party) ought to have consulted with each other in advance, and have acted in perfect unison. It is not creditable to either that the one took ground which the other overruled. The perils of the situation, which were clearly forseen by the press and the community, ought not to have escaped the attention and foresight either of the city government or of the State government; and as the city government must depend upon the support of the State government if the forces at its command are not sufficient to maintain public order, it was an inexcusable blunder for the city government to decide upon a course of action (if it *did* so decide) without previously ascertaining that it would be supported in it by the State; and, on the other hand, if the city authorities did consult with and receive the sanction of the State in the course it adopted, it was an inexcusable blunder for the State to overrule its policy and bring it into discredit. If this had been a sudden and unexpected emergency, in which there was no time for consultation, these considerations would not apply. But it has been known for weeks that the Orangemen intended to make a parade on the 12th of July, and that this parade would have an inflammatory effect, and tended to provoke a riot. It is absolutely unpardonable that, in an impending contingency which endangered the public peace, the city government and the State Government did not confer with each other, and, by wise provision, determine upon a line of action by which they would firmly stand in an attitude of mutual support. We know not, and care not to inquire, by whose fault it is that the plainest maxims of political prudence were disregarded in this foreseen emergency. But quite sure we are that, if Mayor Hall *did not* consult with Gov. Hoffman and secure his consent to the order suppressing the Orange parade, he failed to treat the chief magistrate of the State with due consideration; and on the other hand, if such consultation *was had,* and the Governor consented to the policy of the Mayor, his interference to overrule it evinced either a want of reasonable foresight or a lack of firmness and determination. Either the policy first adopted by the Mayor, or the policy substituted at the last moment by the Governor, would have been defensible; but *ingenuity seeks in vain for any adequate defense of their want of concert and mutual support.*

If we had been among the Mayor's advisers, we should have tried to dissuade him from the line of action which he adopted. We appreciated its boldness and vigor; but we clearly foresaw the storm it would evoke, and would have strenuously advised against it unless he had the most positive assurance that the State government would stand by him to the end. When the order suppressing the Orange parade was issued, we assumed that it had such sanction, and were prepared to support the public authorities in any reasonable and defensible attempt to preserve the peace of the city and prevent violent outbreaks. We would have supported with equal zeal, and from the same motives, the policy substituted at the last moment, if it had been adopted with forecast and deliberation, as the wisest course suited to the exigency. *Either* method, had it been adopted in season, and maintained with resolution, would have prevented serious disturbance and loss of life. It is matter of infinite regret that there should have been a change of plan at the last moment. Public authority is brought into disrepute when it resorts to sudden makeshifts in an emergency which it required no peculiar sagacity to foresee and provide against. If Gov. Hoffman's policy is the wisest, an understanding to that effect should have been reached five days ago; and Mayor Hall showed a great lack of prudence if he took so important a step without consulting the Governor. On the other hand if the Governor was consulted and his sanction procured, he evinced a lack of firmness in the final change.

California Railroad Matters.

Railroad movements and combinations in California are necessarily of interest in Oregon. The relations of the two States, present and prospective, are such that the great railroad plans of one must necessarily be of importance to the other. There seems to be little room for doubt that the Central Pacific Railroad Company has bought out the California Pacific, including all of its railroad franchises and the boats formerly belonging to the Steam Navigation Company, and is now in supreme control of the railroad system of California. The San Francisco *Call,* which unusually has information on such subjects in advance of its contemporaries says:

> The way this trade has been brought about, we believe, is substantially as follows: A few operators in San Francisco, believing that money could be made out of such a transaction, quietly ob[illegible] etc. They then gave out that English capitalists were at the bottom of the "new departure," and intended to construct a railroad by way of some northern pass through the Sierra Nevada mountains, touching the southwest corner of Oregon, and continuing through Idaho, connecting with the Union Pacific Railroad at or near Salt Lake. The object was, by stuffing the newspapers, to make it appear that the road was to become a great competitor with the Central Pacific. They hoped in this way to injure the credit of the Central in the estimation of foreign capitalists, and thus compel that company to purchase their property at extravagant rates. The credit of the Central, however remained uninjured, although opposition was attempted at various points in California by means of the company's steamers, etc. There is no knowing how much the bonds of the Central Pacific Railroad Company would have been depreciated ultimately, had not the Central folks out managed the opposition, by announcing that an "air line railroad" would be constructed to Sacramento at once. This stopped farther scheming, for the owners of the California Pacific Railroad understood that their Sacramento road would be ruined by such a line, and that there was no way out of the difficulty except by selling to the Stanford company, which they thereupon accomplished as speedily as possible.

Although Stanford & Co. have obtained the property of the opposition—the different railroads, boats, franchises, etc.—at such a price as must greatly benefit the company, we are informed that the speculators have still realized a handsome sum by their operations. All the parties have made money—a single individual, it is stated, has realized a quarter of a million dollars.

What will now be the "new departure" we do not pretend to say; but Stanford & Co. have obtained all of the railroads in the State. It seems impossible for any further opposition to arise in California, except it comes from the Scott combination, which controls a line of road stretching from Philadelphia to Ogden; but even such an opposition would find it hard to grapple with *our* railroad lords. Indeed, we may say that opposition to the present company is at an end in this State, at least for the present.

There are ninety-five prisoners at present confined in the State Penitentiary. So says the *Statesman.*

Hoffman's Double Dealing.

A dispatch from New York (July 20) to the Chicago *Evening Mail,* gives this:

Gov. Hoffman was sitting at home, in Albany, Monday the 10th inst., when, at 9 o'clock, a messenger hastily delivered a package to him. It proved to be from New York. He opened it and found it contained a document which he read smilingly, and as he laid it on the table said: "Yes, Hall told me he was going to do this. I fully coincide with him." These words are on record, and are treasured by the hearer. On Tuesday morning Mayor Hall's message and the proclamation signed by Kelso appeared in New York papers. In Albany it was generally praised as being a much needed measure. Hoffman spoke to several on the subject and consistently praised it; and it was understood that he was one of the warmest advocates of the measure. About 4 P. M., Tuesday, Hoffman was still in Albany, and received a lengthy telegraphic communication from New York, which evidently produced a startling effect on him, for immediately he became agitated, pacing the floor excitedly. Afterward he gave hurried orders for a special train to convey him to New York. The telegram which caused his excitement proved to be an exact copy of Gov. Randolph's proclamation, in view of the Orange parade in New Jersey. Hoffman left for New York at 7:30 the same evening. The ride was a fast and exciting one, and he meditated during the entire journey. The train arrived in New York at 10:10, being about the quickest time on record. The Governor was whirled in a carriage to police headquarters, arriving before eleven, and in half an hour afterwards his proclamation, permitting Orangemen to parade, was given to the press.

The Fremont Map.

From a Washington dispatch (July 23d) to the New York papers, we take the following interesting item:

An examination of the State Department documents relative to the San Juan boundary shows that the Fremont map, now making so much talk in Canadian papers and some in England, was twice called to the notice of the American authorities by English officials—first by the English Commissioners appointed to adjust the boundary, and afterward by Lord Russell through Lord Lyons. In both cases the fact that it related alone to the country explored by Fremont, and not to any questions of boundary, was clearly pointed out. It also appears that our government has knowledge of the map printed at London in 1849, three years after the ratification of the treaty, by one of the best known English map publishers, in which the islands in the San Juan group were colored so as to indicate that they belonged to the United States. This map is entitled, "Map of Vancouver's Island and adjacent coasts, compiled from surveys, Vancouver, Kellett, Simpson, Galiano and Volds, etc., etc. By J. Arrowsmith, No. 10 Soho square, London." In 1856 the Hudson Bay Co. called Arrowsmith to account for this first map, when he claimed that he had never indicated any boundary by it until after seeing Freemont's map in 1853, when he printed one edition with dotted boundary to compare with that. Our government is aware however, that for four years this London map, from a publisher of acknowledged authority, and compiled from the best English authorities, was undisputed and confirmed throughout the American claims.

The Daily Oregonian.

SATURDAY MORNING, AUGUST 5, 1871.

The New York Frauds.

In its issue of July 24th, the New York *Times* returns to the charge upon the thieving ring that controls New York and leads the Democratic party of the United States. On the 22d July it showed by extracts which it had succeeded in obtaining from the Controller's books that there had been paid on account of furniture and repairs for the city hall and armories during 1869 and part of 1870 the enormous sum of $5,663,614 88. Of course such an expenditure was simply impossible on any honest mode of accounting, and nine-tenths of the money must have been stolen by the ring. This is but one of the accounts. That of A. J. Garvey, which is the next one exposed by the *Times*, shows stealing in the same grand scale. This account of Garvey's was for work done or alleged to be done on the new court house in New York, *for plastering and repairs*. It is remarked as a singular fact that although the new court house is not yet finished and large sums of money are voted continually for its completion, nearly *three million dollars have already been expended in repairing it!* We copy the following from the *Times*:

Andrew J. Garvey is clearly the prince of plasterers. His good fortune surpasses anything recorded in the Arabian Nights. On one day, July 2, 1869, he received for plastering and repairs, no less than $45,966 89—that is to say, warrants were made out in his name for that amount. His total receipts that same month from Connolly and Hall were $153,755 14—not a bad month's returns for a plasterer. He beat that, however, in May, 1870, when he was lucky enough to receive $394,614 57—all for work done in the new court house. He beat that again in the following month (June) when his work for a part of two months appears to have been worth $[illegible] June being thus pretty well "played out," the signers of the warrants deemed it best to jump back to [illegible] a month which they appear to have thought that they had neglected. They began by paying Mr. Garvey for two days' repairs, thus: April 9th, repairs on county buildings, Dec 20, 1869, $66,118 3[illegible]; April 11th, repairs on county buildings, Dec. [illegible], 1869, $67,[illegible]. Total, $133,187 20. A plasterer who can earn $133,187 in two days, and that in the depth of winter, need never be poor. Altogether, Mr. Andrew J. Garvey received in two years—or some one received in his name—the sum of $2,870,464 06. He could certainly afford to give away the odd six cents in charity.

More developments of the same sort, exposing frauds amounting to many millions, are promised by the *Times*. Tammany's secret accounts with other parties are in its hands, and it will publish them in regular installments. No wonder the gang of thieves offered the paper which is making these exposures a million dollars to stop.

A prodigious sensation is being produced throughout the country by these developments. When the *Times* first began them many people were incredulous. They did not believe it possible that the Ring, with all its dishonesty, could have perpetrated such enormous frauds. But the *Times* went on with its exposures and challenged a denial of its charges. The organs of the ring were silent. But at last Mayor Hall was forced to speak. So in the New York papers of the 24th July he published a letter admitting that the *Times* was correct in its statements, that the vast sums had been paid out of the Treasury, but asserting by way of justification that they had been audited by the Board of Supervisors, and he had done nothing but approve and sign them! To this the *Times* replies:

Whenever Mayor Hall is accused of aiding and abetting frauds on the city Treasury, he tries to throw the responsibility on the old Board of Supervisors, as though he and Connolly were obliged to sign warrants for claims which they knew to be swindles, merely because they once passed the Board of Supervisors. Now [illegible] know that the leading spirit of the old Board of Supervisors was "Boss" Tweed, and, whatever stealing was done in that Board, Tweed got the lion's share. Yet when Mayor Hall made his appointments of heads of departments under the new charter, whom did he appoint as head of the Department of Public Works—the Department which, above all others, affords the largest opportunities for fraudulent expenditure of the public money? None other than "Boss" Tweed. But the old Board of Supervisors has been out of existence for nearly a year and a half. The present Board is composed of the Aldermen and the Mayor; the Mayor is President of the Board, and *his single vote can defeat any measure that comes before it*. On Hall, therefore, rests the sole responsibility for any and all acts of the present Board. Now, we desire to ask Mayor Hall two questions. They are questions which we have already asked twice before, and which have not been answered. Did or did not the Board of Supervisors at their meeting on the first or second week in June last, approve and pass a bill of one Kenney, a carpenter, of the Twenty-first Ward, for twenty-eight thousand dollars, purporting to be for carpenter work done in the Marine Courtroom? If yes, then we desire to ask what is the fair value of the work done? We stand ready to furnish [illegible] respectable carpenters, who understand their business, and who would be glad to do the work for six hundred dollars.

This will do for the present. We shall hereafter copy from the *Times* more of the exposures of the wholesale robberies perpetrated by the thieving Democratic officials of New York, who aspire to carry the next Presidential election and transfer their power to Washington.

A Practical Lesson.

By a wise ordination it so happens that dishonest tricks often return to plague their inventors. When the Commission to [illegible] down the penitentiary accounts was appointed, [illegible] among the Democratic brethren, who thought they would catch the warrants in the hands of the "Radicals," and repudiation would be just the thing. But it turned out otherwise. Most of the warrants were held by such good Democrats as our friend Frank Brown, of Salem. Naturally they did not like so practical an illustration of the beauties of "equitable adjustment," but they had to submit. But 'twas not to be over thus. A time was to come when the doctrine could be turned against its inventors to plague them. So, now, when the respected Superintendent of the Penitentiary, William Watkinds, Esquire, enters the telegraph office at Salem, writes a long dispatch, containing an order to a Portland dealer for lime for the new penitentiary, or something to the Sheriff of Jackson county in regard to Shultz, and with a lordly wafture of the hand tells Frank Brown to charge it to the Penitentiary fund and Secretary Chadwick will draw a warrant for it, Mr. Brown peremptorily declines, informs the Superintendent that he has had some experience in that sort of thing before, and does not propose to be cheated and swindled twice in the same way,—not if he knows it! He has obstinate ideas about taking penitentiary warrants in pay from Bill Watkinds, to have them repudiated by the Legislature. And so Mr. Watkinds,—his dignity and his office treated as he thinks with unpardonable disrespect,—sorrowfully walks away. Repudiation, he finds, does injure credit, after all.

Just now the appropriations of last year are either exhausted or there is no money to pay them. But, Secretary Chadwick goes on drawing his warrants, whether there are any appropriations or not. All the organs of his party severely condemned this conduct on the part of Secretary May, and attempted to frame a terrible indictment upon it against the "Radical" party. Long ago we proved that the present Secretary was doing just the thing for which his predecessor was so strongly censured; yet we have seen in the Democratic papers no condemnation of the present Secretary for this action. To be consistent, the next Legislature must appoint another Commission to "scale" these new warrants. People, therefore, would do well to look out. The example of repudiation has been set, and it may be contagious.

Boiler Explosions.

The recent explosion of the boiler of a steam ferry boat at New York, resulting in the killing of nearly one hundred persons and the wounding of many more, is one of the most horrible disasters of this sort that ever took place, and is stimulating afresh the inquiry into the conditions under which explosions occur. Notwithstanding the investigation of this general subject for many years, the conditions under which explosions may occur are but very imperfectly understood. At a recent meeting of the Massachusetts Institute of Technology, a lecturer asserted, according to experiments made by himself, all boiler explosions, except in the few cases which burst in the weakest place, are caused by unequal expansion of the metal. It was stated that the greatest number of boiler explosions, especially on locomotives, occurs in this country between the 1st of September and the 1st of January, in the interval between summer and the time when the engineer supplies feed water heated by his waste steam, the cold feed water at the above season, causing unequal expansion of the metal. In order to prevent this, a device has been invented by which water is taken from the bottom of the boiler and, by means of an automatic apparatus, furnished to the top. In this way feed water of the temperature of the steam is constantly supplied to the boiler, and unequal expansion is prevented.

It is estimated that there are 60,500 boilers in use in the United States, representing a power of over 3,000,000 horses, or of 17,000,000 men. These 60,500 boilers are distributed as follows: Locomotive, 9,000; steamboat, 10,500; stationary, 50,000.

The Albany *Democrat* says:

We learn from Judge Chadwick that the entire irreducible (school) fund in the State will probably approximate nearly half a million of dollars, and that it might have been much greater if properly managed under the Gibbs and Woods administration.

Whatever faults the "Gibbs and Woods administrations" may be charged with, they did not donate *two hundred thousand dollars* of the school fund to a corporation for its own use and benefit; neither did they put up a job whereby $75,000 more was given outright than would have sufficed for the purpose to be accomplished. It is said that the irreducible school fund now amounts to half a million. How much more it would amount to had it not been violated and plundered by the late Democratic Legislature, the *Democrat* does not inform us. Possibly Judge Chadwick has not told it. It will be remembered that a Republican Congress, fearing that our next Legislature would be like the last one, felt obliged to pass an act to prevent them from stealing the rest of the fund next year.

During the three months ending June 30th, the number of immigrants arriving in the United States was 101,105. Of these the largest number belonging to any one nationality—30,814—were Germans. From Ireland there were 2[illegible],149, and from Sweden and Norway, 5,727.

We beg our readers to examine the monstrous frauds of the Tammany Ring, as exposed by the New York *Times*. They furnish refreshing evidences of the economical tendencies of the Democracy.

The election in California will take place on Wednesday, September 6th, or four weeks from Wednesday next.

THE TERRITORIES.

Good reports generally are received from the North Idaho mines. Most of the diggings, including those at Elk City, Pierce City, Warrens and Florence, are yielding good returns.

The Lewiston *Journal* says that cork screws are a tool that the Indians should be furnished with and educated in their use, as their manner of drawing corks from whisky bottles (with the teeth) is so uncouth and uncivilized.

The Deer Lodge *Independent* says that John Bolon, alias "Bulger," Ben Nugent and Henry Landusky, three miners working on the night shift in Col. J. H. Rogers' claim on Pilgrim Bar, were covered up by an immense cave. The discovery was not made until the following morning, when some surprise was expressed because the men did not quit work at the regular hour. When found they were all dead.

In Pekin, a newspaper of extraordinary size is published weekly on silk. It is said to have been published more than 1,000 years ago. In 1827, a public officer caused some false intelligence to be inserted in this paper, for which he was put to death. Several numbers of the paper are preserved in the Royal library of Paris. They are ten and a quarter yards long.

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Calisaya Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS

Of all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS

A wine glassful taken half an hour before breakfast, dinner or supper quickens the flow of the gastric juice, and thereby provokes hunger.

PLANTATION BITTERS

"By its use I dispose of three good square meals per day, with a good relish, have no pains and have gained sixteen pounds in eight weeks, sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from unsatisfactory condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

"Well, they cured me of every distressing symptom in ten weeks and you had better follow my example."

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek.—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of, the southern rivers and swamps, will not be without one.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words."

PLANTATION BITTERS

Will restore the vital energy, repair indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject. It gives them a splendid appetite; and they eat like pigs."

PLANTATION BITTERS

"By advice of my physician, soon after seeing them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

SATURDAY MORNING, AUGUST 5, 1871.

CITY.

SPECIAL CHURCH NOTICES.—The new Congregational church, corner Second and Jefferson streets will be dedicated with appropriate ceremonies on Sunday, August 6th, at 3 o'clock P. M.

The Presiding Elders of the M. E. Churches of Oregon are requested to meet next Tuesday evening at 8 o'clock, at the parsonage in this city.

There will be service at St. Stephens Chapel at 11 o'clock, the Rev. Jno. Rosenberg officiating; also the administration of the Holy Communion. Sunday-school at half past nine.

There will be preaching at the A. M. E. Zion Church, on Third street, between B and C, to-morrow morning at 11 o'clock, by Rev H. F. Williams, and at 7½ o'clock P. M. by Rev. H. B. Lane.

The usual monthly concert of the Taylor street M. E. Sunday school will take place in the lecture room of the church on next Sabbath at 2 o'clock P. M.

According to arrangement, public preaching may be expected at the County Hospital, at three o'clock P. M. each Sabbath of the present month, as follows: To-morrow, first Sabbath, by Rev. J. F. DeVore, of the M. E. Church; second Sabbath, by the Rev. Mr. Rosenberg of the Episcopal Church; third Sabbath, by Rev. T. L. Eliot of the Unitarian Church; fourth Sabbath, by Rev. G. H. Atkinson, of the Congregational Church.

The final meeting of the Conference Board of Church Extension for the present year will be held at the office of the *Pacific Christian Advocate* on Monday evening next, at 8 o'clock. The members of the Board are I. Dillon, W. S. Ladd, J. T. Wolfe, C. C. Stratton, W. H. Watkins, E. J. Northrup, and J. F. Jones.

Rev. E. Curtis, of Salem, will preach in the First Baptist Church to-morrow (Sunday) at 11 o'clock A. M. and at 8 P. M.

Rev. Dr. Lindsley will officiate to-morrow both morning and evening, in the Presbyterian church. In the evening he will deliver another of his series of lectures.

ILLUSTRATIVE.—A gentleman lately from Pennsylvania, who has come to Oregon to stay, has recently made an excursion up the valley as far as Eugene, going up one side of the river and down the other. His observations of the country and the people were much like those of former excursionists, his chief impression being in regard to the plentiful lack of that sort of energetic and thorough enterprise without which no new country is ever developed. He found the people, as he had been told they were, well to do in a certain sort of way, but careless, and living in a thriftless, easy-going, slip shod style, much as in the days when everybody had gold dust and a thousand cattle upon a thousand hills. They have never recovered from the enervation of those halcyon, lazy days when they lived without an effort, and waxed fat with a sort of squalid wealth. Changed as all conditions of the country are since then, the old settlers are just the same *go-easy*, thriftless sort of people. Our Pennsylvania friend thought he should greatly relish some nice, cool, rich milk, and so he stopped at several farm houses along his route of travel and made inquiry for that article; but, much to his astonishment, he failed to get any. The good housewives had none. After a few such failures he ventured to query: "How is it that you farmers, who have so many cattle, have no milk?" The answer came: "Well, you see, in the summer time the cows get down in the bottom lands and *they don't come up*." He inquired at another place—the same answer. At another—again, the same reply. Our Pennsylvania friend thinks he can now see how it is that our beautiful valley, which is capable of such vast development, exhibits so little of it—the cows *don't come up*. An enterprising population would go after the cows and drive them up.

MRS. LAURA DE FORCE GORDON'S LECTURE.—The lecture on Woman Suffrage, by Mrs. Laura De Force Gordon, was not as largely attended as was expected, but the audience manifested their appreciation by applauding her remarks in several instances. Mrs. Gordon is a pleasant speaker, enunciates well, and in no instance did she manifest the least hesitancy or embarrassment. Our space will not allow of any extended remarks upon the lecture. In several instances she became quite eloquent. She pronounced a high eulogium upon the Revolutionary Patriots, but at the same time she expressed the opinion that they made a fatal error in not extending the ballot to women. To substantiate the charge she reviewed at length the course of our Government up to the present time. In defending the charge that it would lower women to extend to them the right of suffrage, she made several telling hits against "the lords of creation." After Mrs. Gordon was through, Mrs. Duniway made a few remarks in favor of her paper, *The New Northwest*. This was Mrs. Duniway's *maiden* effort, but she acquitted herself well. The question was submitted to the audience if they wished to hear Mrs. Gordon again upon the same topic, to-night, and the vote was unanimously in the affirmative. Mrs. Gordon sends forth a challenge to any one to meet her in debate to-night.

EAST PORTLAND MATTERS.—At the last meeting of the Board of Trustees, a communication was received from Wm. Dalton, Street Commissioner, asking for an increase of salary. Bills to the amount of $234 50 were allowed and ordered paid. An ordinance to provide for the collection of delinquent taxes was passed. There was no quorum last Thursday night, August 3d.....Two men, named Flannigan and O'Brien, are in durance vile upon a charge of burglarising Mr. Barry's saloon, and stealing $11 in change and a box of cigars.....A considerable number of houses for residences, are in course of construction in Stephens's Addition.

STEAMERS AND LICENSES.—During the month of July, the only conveyance of a vessel, recorded in this district was that of a half interest in the *Swallow*, from Phillip Wyman to Joseph Keller; July 28th; consideration, $500. Licenses were granted during the same time to the following vessels:

	Tonnage.
Schooner Alice Julle	44.71
Steamboat Shoo-Fly	319.98
Sloop Flora Alice	26.98
Scow Annie Bell	39.22
Steamboat Swallow	33.33
Total	463.25

THERMOMETRICAL.—The thermometers got loose yesterday and went up to nearly 97°. At two o'clock P. M. the thermometer at the Portland Library indicated 94°. Forty minutes later the mercury was up to 96° plus. This was the hottest day of the year. The warmest day previous was the 12th of June, when the thermometer was at 91° at 2 P. M., and later, a fraction higher. The hottest day of July was the 2d, the thermometer standing at 90°.

COUNTY COURT.—The regular August term of the County Court will open next Monday morning.

DONATION TO A CHURCH.—Ben Holladay has donated two lots in block 80, in Holladay's Addition, to the Congregational Society of East Portland, for the site of a church. The matter of raising funds to erect a building the present season is now in hand, with excellent prospects for raising the entire amount needed.

TO FIND REST.—The large frame removed last year from the saw mill wharf to make room for the ferry landing and new steamship dock, and which has been knocking around from place to place over since, is to be removed to foundations prepared for it, below the factory of Messrs. Carson & Porter.

PASSENGERS FOR THE NORTH.—The *Geo. S. Wright* took away last evening the following passengers—Miss Kate Sherlock, for Victoria, and P. Paddock (in steerage) for Nanaimo; James Thurston, Mrs. C. P. Ferry and Chas. Brown, Fort Wrangle.

REAL ESTATE TO BE SOLD TO-DAY.—At ten o'clock this morning Mr. A. B. Richardson will sell a number of parcels of real estate, at his sales room on Front street. At 2 o'clock he will have another real estate sale at the court house door.

FOR MT. HOOD.—We hear that Mr. Laing of the Bishop Scott Grammar School, Messrs. Pratt and Williamson of the Portland Public schools and several other gentlemen, will start about next Tuesday for a trip to the summit of Mt. Hood.

TO RUN ON SUNDAYS.—Hereafter the railroad ferry will run regularly all day on Sundays. Thus people who desire a drive on the Avenue and the fine road beyond, will have a chance to enjoy that privilege at any hour of the day.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND STATE NEWS.

[From the Advocate.]

Bishop Simpson, according to latest accounts was much improved in health.

The Congregational Church at Salem has closed up public services for a few weeks vacation.

Two new churches will soon be completed at Salem, one for the Cumberland Presbyterians and the other for the United Presbyterians.

A district meeting of the Columbia Annual Conference, M. E. Church South, was held at the Evangelical Church in Corvallis on Saturday and Sabbath last.

Bishop Janes will be entertained during the Conference sessions, at the hospitable home of his long tried friend General Canby, corner of Seventh and Main streets.

Rev. H. B. Lane, of Umatilla Circuit, and Rev. A. J. Joslyn, of Walla Walla, arrived from the Dalles early this week. The former is the guest of Bro. Wm. Fletcher.

The Baptist ministers in Western Washington are notified to meet in the M. E. Church at Olympia, on Friday, October 20th at 10 o'clock A. M. to organize an Association.

Rev. J. W. York and wife, whose lives, week before last, were nearly sacrificed to a mistake made in preparing medicine, are now in this city at the residence of Mr. Wm. Masters, a son-in-law.

The Albany *Register* says: Rev. R. J. Thompson, late of Ohio, of the U. P. Church, arrived in this city a few days since. He will fill the place occupied by the late Rev. T. S. Kendall, D. D.

At the quarterly love-feast, held at the Taylor Street M. E. Church, in this city, on Monday evening last, two persons united with the church by letter, and four were received into full connection. Total for the quarter, 16; dismissed by certificate 12.

Bishop Janes and daughter, Dr. Harris and daughter, A. B. Calton and mother, and Rev. C. H. Afflerback, presiding elder of the German District, California Conference, are among the passengers expected on the incoming steamer from San Francisco.

Attendance at the Taylor Street Sabbath School for July: Aggregate, 1,169; average, including concert, 234; average, not including concert, 102; average of officers and teachers, 29; average of infant class, 40. The falling off in numbers from previous reports is nothing unusual for hot or summer months.

At the Fourth Quarterly Meeting, held July 30th, at the Taylor Street M. E. Church, the following were elected as Trustees and Stewards for the ensuing year: Trustees—Geo. Abernethy, A. C. Gibbs, W. H. Watkins, J. S. Smith, E. J. Northrup, C. Bills, W. S. Ladd, Wm. Masters, J. F. Caples, Stewards—J. F. Caples, J. F. Jones, S. G. Bunting, J. F. Clarkes, I. M. Sparrow, J. R. Robb, J. H. Fairchilds, F. S. Aiken, H. Y. Thompson.

The nineteenth session of the Oregon Annual Conference of the M. E. Church will be held in the Taylor street church of this city, commencing on Wednesday morning at 9 o'clock. Bishop E. Janes will preside. Other distinguished visitors are expected to be present, adding interest and value to the occasion. Among them we may mention, besides Rev. W. L. Harris, D. D., Assistant Corresponding Secretary of the Missionary Society, Rev. E. Thomas, D. D., Resident Book Agent at San Francisco, and Rev. B. I. Ives, Presiding Elder of Auburn District, Central New York Conference.

[From the Sentinel.]

The clergy of this Archdiocese and some of the Diocese of Nesqually, were engaged in the exercises of a spiritual retreat during the week, given them by Rev. Father Grassi, S. J., at the Cathedral Church. In consequence, quite a number of priests will be in attendance at divine service to-morrow, at which Father Grassi, S. J., will deliver the sermon.

In accordance with a call made by the Very Rev. J. F. Fierens, V. G., and pastor of the Cathedral Church in this city, a meeting was held last Sunday, after High Mass, in the Library rooms, for the purpose of ascertaining what could be done in regard to the erection of a cathedral in this city. But a limited number of the members were present, but all in attendance showed a commendable spirit and liberality in aid of the enterprise.

FOURTH STREET GRADE.

THE VIEWS OF A PROPERTY OWNER.

In the local of the OREGONIAN of August 4th appears an article on the Fourth street grades, etc. In said article it is stated that the Railroad Company propose to pay all expenses of said change of grade. From this statement the impression is left that the Railroad Company are bound in some legal form to make said changes at their own expense. This is not the fact. The truth is a list of the proposed grades was sent to the Council at its last meeting, with a statement that Mr. Holladay says the Railroad Company will make the changes of grade. Now, I ask, does this bind the Company? I think not. Yet on this mere statement, from a second party, the Council proceeds immediately and orders a notice of publication that the city proposes to change the grade of Fourth street. To change the grade of a street the Council has the legal right given in the charter, but for a very different purpose and with a very different effect from that which will follow in this case.

First, the charter contemplates changes of grade for the general benefit of the city, and especially of that part of the city in and near where the changes are made. In this change is Fourth street or its vicinity to be benefitted thereby, or any part of the city? We think not. The proposed change is for a different purpose entirely—that of benefitting a corporate company. To illustrate, the charter can only contemplate a change of grade by the city where such change would materially ease the grades or benefit the property adjacent to said changes. But in this proposed change the reverse is the fact. The grades where they are now, already as great as they should be, either for the general benefit of the city or for the contiguous property, are proposed to be increased. For example, the present rise of grade from Jefferson to Columbia street, is five feet, which is proposed to be increased three feet nine inches, making the whole grade for one block eight feet nine inches, thereby raising the grade of the street so as to make it very objectionable, and also several feet above the adjoining property and many of the houses thereon. What is said of Fourth street is equally true of Columbia and other cross streets; and while it is a fact which cannot be denied that the proposed changes of grade will seriously injure much valuable property, yet the Council proposes that the city change the grade thereby estopping the injured property holder from maintaining his rights under the statute, though he may be injured thousands of dollars. In this consists the great and serious wrong. While the land owner outside of the city can have his remedy for damages under the statute, the council, by their proposed change (if carried out), will bar the unfortunate land owner on Fourth street from having a remedy for damages under the statute. But the *city* changes the grade, it having a legal right under the charter to do so, without liability for damages. In this the Council propose to use a power given to them by the charter for a very different purpose as we think, and by thus using said power do protect a railroad company from liability for damage by depriving the damaged of a legal remedy.

We have heretofore thought that city charters were for the greater protection of a city, its citizens and their property, and not to debar them from the benefit of the *general laws*—I mean the right to recover damages—a right which is recognized in all civil codes. JUSTICE.

THE NEW AMERICAN PARTY.—We learn from Mrs. Laura De Force Gordon that she has just received news of her nomination for State Senator, by the woman suffragists of San Joaquin county, California. The new party, composed of the advocates of woman suffrage, takes the name of the "New American" Party. Mrs. Gordon is to make a declaration of her principles, in her letter of acceptance of the nomination.

SOCIETY MEETINGS.—A meeting of Baker Post No. 1, G. A. R., will be held at 8 o'clock this evening. New work has been received, and all comrades are wanted.

The Board of Managers of the Catholic Library and Christian Doctrine Society will hold an adjourned meeting at their rooms this evening at 8 o'clock. The regular meeting of the Society will occur to-morrow evening.

MRS. GORDON'S SUBJECT TO-NIGHT.—Mrs. Laura De Force Gordon will speak again this evening, at Oro Fino Theater, upon the subject of "What good will result from woman suffrage." That's exactly what we all want to know, and as she has spent much time in investigating the matter, perhaps she can tell us all about it.

FOR SITKA.—The steamship *Geo. S. Wright* sailed at 7 o'clock last evening for Sitka, via Victoria and Nanaimo.

PERSONAL.

Mr. E. S. Kearney, U. S. Marshal of Washington Territory, left this city yesterday for Olympia, and will remain there till after the term of the Supreme Court.

GOING EAST.—Mr. E. P. Rogers, general freight and ticket agent of the Oregon and California Railroad, expects to leave on the *John L. Stephens* for the East, to be absent on business for thirty days. Mr. J. C. Hildreth, Assistant Superintendent, will attend to the duties of that office during Mr. R's absence.

BUSINESS NOTICES.

Real Estate Agents DeLashmutt, Burch & Merrick, are offering some excellent land in the adjoining counties and property in this city and East Portland, at low figures. The firm will give full attention to business entrusted to them.

THE OMENICA MINES.—We hear, second handed, from a gentleman who has just returned from the Omenica mines, a most unfavorable account. He represents that there is but one bar being worked; that provisions are at starvation prices; that there is much suffering among the miners; and that one party of prospectors who went into the mountains some time ago, is supposed to be lost.

THE "HOME."—The ladies of the Relief Society desire to tender a vote of thanks to the twelve gentlemen who so generously came up to their help in purchasing a "Home" for the needy by donating one hundred dollars each towards paying the debt, thereby enabling them to go forward in the good work.

HOSPITAL LIBRARY.—Through the efforts principally of Rev. Mr. Eliot, the county hospital has been supplied with a library of about one hundred and forty volumes. A collection of $50 was taken at the Unitarian church last Sunday for the purpose of enlarging the library.

THE FIRST LAND SOLD.—Col. I. R. Moores, Land Agent for the O. & C. R. R. Co. and the Oregon Central R. R. Co., made the first sales of land last Wednesday. He sold on that day two tracts of eighty acres each, to a couple of immigrants.

HOW TO GAUGE IT.—The temperature yesterday was at the rate of three shirt collars for every five minutes. Under such circumstances work is a downright absurdity and the idea of comfort is entirely Utopian.

HUNTING EXCURSION.—"Mine Host" Quimby, of the American Exchange, starts this morning upon a hunting excursion to Puget Sound. There are visions of venison, thereabout.

COMMITTEE MEETING.—The Publishing Committee of the *Pacific Christian Advocate* will hold a meeting at the Advocate office in Portland on Monday morning next, at 9 o'clock.

THE ladies of the Relief Society are requested to meet at the residence of Capt. Ainsworth this morning at 9 o'clock to attend to important business for the Society.

REAL ESTATE AUCTION.—Oscar Kilbourn will sell some valuable city property at 2 o'clock today, at Russell, Ferry & Woodard's Real Estate Office.

BUSINESS LIKE.—The train which arrived from the south last evening consisted of fourteen cars—one passenger coach and thirteen freight cars.

BOARD OF DELEGATES.—The regular monthly meeting of the Board of Delegates will be held at the Police court room, at 8 o'clock this evening.

FIREMEN'S ANNUAL PARADE.—The fire companies have all voted to turn out upon the annual parade of the Department in September.

OREGON APPLES.—Apples of this year's crop—raised up the valley—have made their appearance in this market.

THE PROCEEDS.—The late excursion in aid of the Kalama M. E. Church, realized the net sum of $100.

RESIGNED.—Lieut. P. Coakley, of the Emmet Guard, has resigned his office.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Paludal Cachexia, Albuminura, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. H. Woodard & Co.'s Drug Store, Front Street, Portland.

A large volume would not contain the mass of testimony which has accumulated in favor of DR. WISTAR'S BALSAM OF WILD CHERRY as a safe, efficient and reliable remedy in curing coughs, colds and pulmonary disease. Many of the cures are truly wonderful.

Science Advances!

As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powders, etc., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length Hostetter's Stomach Bitters made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them. There have been many spurious bitters palmed upon the community, which, after trial have been found perfectly worthless, while Hostetter's has proved a blessing to thousands, who owe to it their restoration to health.

For many years we have watched the steady progress of Hostetter's Stomach Bitters in public estimation, and its beneficent effects as a cure for all complaints arising from the stomach of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation, after years of careful study and sifting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and it, therefore demands the attention of the afflicted.

MILLS SEMINARY.

REV. C. T. MILLS AND WIFE, FOR the past six years Principals of the Young Ladies Seminary at Benicia, are happy to announce to their patrons and friends, that the next term of their well known Institution, will open

Wednesday, August 2, 1871,

In their New, Commodious and Beautiful Building, just completed at SEMINARY PARK, BROOKLYN.

As most of the able and experienced corps of Teachers, with valuable accessions, as well as the fine classes of pupils now pursuing their studies remove with them, the School remains essentially unchanged with greatly increased facilities for physical comfort and intellectual culture without additional expense. Mr. and Mrs. Mills believe that they can accomplish much more for their pupils in the future than they have been able to do in the past, and that this Institution offers unrivalled advantages for a thorough and finished education.

All communications relating to admission and all letters of inquiry should be addressed to

No one that has ever visited this body of Land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from gigantic Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—40 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife. United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Give us Back the Tails.

If we, as Mr. Darwin says,
From monkeys are descended,
Old Time, in changing things, hath not
As yet the matter mended.
Descendants of our ancestors
Have no such time as they,
Who had no rent of house or tax
Of government to pay.
No tailor bills came in—Dame Nature
Clothing gave—
And freaks of fashion did not make
Of monkey girls a slave.
So the olden way is the happiest way;
The new condition fails;
And, Darwin, if you can, my boy,
Just give us back the tails.

No hurrying out of bed had they,
No bolting breakfast down,
No hasty walk to shop in fear
Of some old boss's frown.
The lady-monkey sat not up
Till day the night did rout,
In waiting for the lodge to close
And let her husband out.
They had no votes, 'tis true, but they'd
No office to keep,
And o'er defaulter's cash account
They never had to weep.
So the olden way 's the happiest way;
The new condition fails,
And, Darwin, if you can, my boy,
Just give us back the tails.

They had no fashion's pave [illegible],
Where beauty's feet could stray;
But then the old boss
No milliner to pay.
They had no wine [illegible]
Through night [illegible]
They saved thereby [illegible] know you
A headache in the morning,
A peaceful race were they who ne'er
To war's appeal did fly.
They saved thereby [illegible] for
A Joint Com[illegible] on High
A smarter race than they were then
Which from them has descended,
And Time, by changing things, hath not
As yet the matter mended.
For the olden way 's the happiest way;
The new condition fails;
So, Darwin, if you can, my boy,
Please give us back the tails.

The Presidency in the Light of Recent Events.

(From the New York Times, July 15.)

The events of the past week in this city will have great weight in the Presidential election of next year. They have brought to the plain light of day facts which before rested to some extent in inference and suspicion. They have shown in a manner which a wayfaring man, though a fool, cannot mistake, that the Democratic party is hopelessly [illegible] with the only dangerous classes in our country. It has been proven, too, how utterly incapable [illegible] these classes that party [illegible] discretion, courage, skill or principle. We have already seen [illegible] Democracy made the shield for violence, intimidation, and assassination for political purposes in the South. The apologists and defenders of the secret bands of Kuklux outlaws are to be found only among Democratic journalists and Democratic politicians. Horrified and disgusted as the country has been at the course of the entire Northern Democracy toward the disgraceful and threatening disorders of the South, its horror and disgust have been deepened a thousand times by the attitude of the Tammany leaders toward the ruffians who openly declared their intention of violating the peace of this city, and the rights of its citizens.

There are but two elements in our population that offer serious difficulty to free and orderly government. One is made up of the ignorant and lawless men who have for two years maintained a reign of terror in the thinly settled districts of the Southern States. These have kept alive the smouldering fires of hatred kindled by the civil war. They have robbed, burned, beaten, and killed on every hand. Neither the property nor the lives of Unionists or negroes have been safe from their cowardly and treacherous attacks. Their purpose has been as unconcealed as their procedure has been lawless. They have sought to extirpate the Republican party by driving away or murdering its leaders, and by frightening colored voters from the polls. For this intent, and for the dastardly means they have employed, they have yet failed in a single instance to receive an adequate condemnation from the Democrats, North or South. The energies of that party have been steadily directed to screening them from public indignation, and denouncing the measures of the National Government to press or punish them. It was hardly possible to conceive a more shameless demoralization than that which has characterized all the acts and expressions of the Democracy toward the dangerous class of the South.

But it has been reserved for the Democrats to show that a still more shameless demoralization is possible, and that their party is capable of it. This has been done in the treatment of the second of the two elements of American population which threaten the free and orderly administration of republican government. That element is made up of the ignorant and lawless [illegible] of our great cities. These are obviously more dangerous than even the Southern Kuklux. They are more numerous. They are actuated by religious as well as political hatreds. They are crowded together in the midst of immense bodies of decent citizens, to whose safety in person and property their presence forms a standing threat. They include the most inveterate criminals, roughs, thieves, gamblers. In many cities, notably in New York, they are organized and led by low politicians, who by fraud and violence have advanced their party leaders not only to official stations, but to great wealth. They are to-day the constituency of Tammany. The last five days have not only demonstrated this fact, but have shown that Tammany recognized its masters, and was afraid of them.

Now, the people are bent upon one thing, in this country, if upon no other, and that is that freedom under the law shall be maintained. When, therefore, they are asked to trust the Democratic party with the administration of the Government, they will say, No. We must have a man for President who is neither himself a coward, nor representative of a party that can be cowed. In the one trying emergency of the country's history, Gen. Grant showed that he was at once fearless, wise and capable. When that emergency had partly passed by, he was called to the Presidency by a party that only demanded of him continued courage and fidelity. As between that party, with General Grant at its head, and the Democratic party, with any man it can nominate, the people will not be long in choosing. They will never consent that the National Government shall be entangled on the one hand with sympathy for the disorders of the South, or on the other with Tammany, the representative of the more hateful disorders of the North.

A. B. Richardson & Co. hold an auction sale to-morrow (Saturday) of real estate.

Steamer *George S. Wright* cleared to-day for Nanaimo, Sitka and intermediate ports.

Bark *Gabriel* took in 800 bbls. of Flour for Honolulu to-day. She sails on Monday via San Francisco.

The Directors of the O. S. N. Co. have, by reducing the rates of freight on produce from the upper Columbia river, virtually opened the whole of that vast agricultural and grazing country to its being thickly settled by farmers. That it will enure to their advantage, no one can for a moment doubt, as the settlement of the country East of the mountains will give more freighting both ways, and low tariffs also keep out opposition. The [illegible] ated yield of Wheat in Walla Walla county is 250,000 bushels; that in Grand Ronde valley is 150,000 bushels at a low estimate. A great majority of the surplus of both these agricultural districts will find its way to this market. We are informed by Mr. Lewis, of the firm of Allen & Lewis, that they have advices that 5,000 bbls of Flour will be sent them from Grand Ronde valley. The same firm are receiving, and expect to continue to receive until high water, Wheat from Walla Walla, which will be exported. The difficulty now is, they are unable to charter a vessel at reasonable rates.

Reports continue to reach us of the short crops of Sugar in the Hawaiian Islands, and as the Pacific coast supply is drawn principally from the Islands, the short crop will necessitate importing from other countries. The crop abroad, excepting in Central America and Peru, is rather unfavorable to low prices ruling. The Manila Island crop is quite as short as the Sandwich Island, while in Cuba the continued unsettled state of affairs will not give more than half a crop. The war in Europe seriously affected this year's crop of Beet Sugar. In our own country, in the State of Louisiana, owing to the low prices of Cotton ruling for two or three years past, induced planters to cultivate more extensively the Cane, and consequently the yield, it is estimated by carefully compiled reports, is increased over last year's crop 88 per cent. The estimate of this year's crop, foreign and home, is that it will fall short of last year's 150,000 tons, while the consumption was steadily increased. The estimated annual consumption is 2,600,000 tons. The consumption on this coast is rapidly increasing, owing to the increase in population and the increased field of operation for our refineries, which are running to their full capacity.

The following table gives the San Francisco importations for the first six months of the years 1870 and 1871:

	1870. lbs.	1871. lbs.
Central America	1,176 405	401,329
China	640,850	1,523,821
Hawaiian	6,761,744	10,113,785
Java	4,414,462	6,905,316
Manila	2,140,411	4,439,029
Mexican	62,147	521,094
Peruvian	5,487,507	7,645,327
Tahiti	12,211	[illegible]
	20,555,333	31,732,681

This shows an increase for the first six month's importation of this year over the corresponding period of last year of 11,077,103 lbs. The direct importation to this (Portland) market since the 1st of January, amounts to 2,065,542 lbs Hawaiian Sugar. We should bear in mind that the majority of the supply has been bought in the San Francisco market of Island planters' agents, and of this we cannot give even an estimate, but hereafter can give correct statements from the first of this month.

For the following statistics of this port for the month of July, we are indebted to the gentlemanly officers of the Custom House. The imports and exports entered at Astoria are not included in this statement:

Merchandise Reports.

BAGS—Market for imported standard size is bare, but large invoices are expected on the *John L. Stephens*, due Aug. 8th.

BACON—Stocks are low with an active demand. One or two dealers are jobbing it at 4c per lb, being 1c better than ruled part of the week.

FLOUR—We note the sale of 400 bbls of country and standard brands, extra for export, at $5 50@6; 100 bbls for local consumption, $6 50. Flour from Walla Walla and Grand Ronde valley is arriving freely, but not being quite so white as our standard brands, does not command the highest market rates.

LIME—Sales of 100 bbls at current rates.

OILS—Market unsettled. By the *Whistler* stock of Petroleum has been increased 445 cases. We note sales of 300 cases at 50 and 55c.

NAILS—Stocks very light with assortments badly broken. Large invoice to arrive. We note sales of 110 kegs at current rates.

SUGAR—We note sales of 110 kegs Hawaiian at current rates.

WHEAT—We have information from reliable sources that the receipts from Walla Walla this season will be very large. It will be exported to the United Kingdom. The Salem mill will commence running next week or the week after. They have some old on hand, and we are informed they are paying $1 per bushel for new delivered at the mill.

Medical.

Portland Private Hospital & Medical Dispensary.

THIS INSTITUTION IS DEVOTED TO THE treatment and cure of all old Chronic and Private Diseases of every grade and character. All Medicines prepared and furnished by the Doctor himself. No mercurial preparations of any kind used either internally or externally. An experience of twenty-two years enables me to permanently cure many of the so called incurable diseases with which the human family suffers. Any and all complaints can be cured on application to this Institution that can be cured in the larger cities of the United States. Of this fact I have proof to present for investigation. Many old complaints in and around Portland are already cured, which the afflicted can have for reference, excepting Private cases, which in no case will be given. It matters not how much medicine you have taken, how long you have been treated or by whom. Call and investigate. Truth proved no one can doubt; without proof no one is bound to believe.

Office consultations FREE OF CHARGE.

Cases treated by letter. Medicines packed and sent to any address.

To the Ladies.

You who are suffering a life of misery which makes existence a burden, whether married or single, can in nearly every instance be cured in a short period of time, thus becoming healthy and free from pain, weakness, debility and disease, which, like the canker worm, slowly but surely destroys vitality. Chill Fever cured at once without the use of poisonous medicines of any kind. All consultations, examinations, letters and communications strictly confidential. Dispensary on Front street, opposite Vaughn's Mill Portland, Oregon.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, Etc.; Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure affected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] to him that he was cured of [illegible] plaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering from any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco. Post Office box 1,957. REMEMBER TO PUT BOX 1,957 ON THE LETTER. Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian.*

MARSHAL'S CITATION.—UNITED STATES OF America, District of Oregon—Whereas, a libel hath been filed in the District Court of the United States of America, for the District of Oregon, on the 31st day of July, 1871, by E. A. Cronin, Esq., Proctor, in behalf of Isaac Thomas and against the steamboat "Webfoot No. 2," and praying the usual process and monition of the Court, that all persons interested in the said vessel, her tackle, apparel and furniture, may be cited to answer the premises, and all due proceedings being had, that the same may be decreed to be sold, and the proceeds thereof to be distributed according to law: Therefore, in pursuance of the said monition under the seal of the said Court, to me directed and delivered, I do hereby give notice generally, unto all persons having, or pretending to have any right, title or interest therein, to appear before the aforesaid Court, at the city of Portland, on the 4th day of September, A. D. 1871, if it be a court day, or else on the next court day thereafter, at 10 o'clock in the forenoon, then and there to answer the said libel and to make their allegation in that behalf.

Dated at Portland, in said District, the 2d day of August, A. D. 1871.
